

- Defined the issues to address in order to achieve new growth based on the Bank's corporate philosophy and corporate statement

Theme	Materiality	Goal
 <p>Society</p>	(1) Creating vibrant communities	Develop, promote, and vitalize local industries by helping local companies solve management issues and enhance added value, thereby contributing to the creation of vibrant and prosperous communities
	(2) Contributing to secure and prosperous lives	Provide support for realizing prosperous and secure lives by supporting community development initiatives, providing financial services aligned with customers' life stages, and offering financial and economic education
	(3) Creating a society where every individual can thrive	Contribute to local communities by creating workplaces where diverse personnel can grow their capabilities and work with vitality, both physically and mentally, thereby generating new values. Create a society that values people together with communities
 <p>Environment</p>	(4) Coexistence with nature	Conduct environmentally conscious business activities, and support the transition to a decarbonized society and circular economy through financial solutions and social contribution activities, aiming to pass on the region's abundant natural environment and resources to future generations
 <p>Governance</p>	(5) Responsible management	Aim to be the financial group of stakeholders' choice by conducting responsible management based on high ethical standards. Fulfill a role of supporting local communities by responding to environmental change flexibly and continuing to evolve
